The young lady in this picture has clearly noticed that her big sis is having a whale of a time touring the world, wearing fabulous outfits and dating hot men, and now wants a piece of the action too. Yep, this is Rachael Coyle, sister of Nadine from *Girls Aloud*... but if you couldn't work that out for yourself, you might want to get your eyes tested – they could be twins! Rachel is carving out a modelling career and is the new face of *Verlocke* hair extensions. We wonder if she has Nadine's gazelle-like legs and bizarre transatlantic accent too...
